### *Philosophy of Christian Education*

Flint Hills Christian School is an independent, non-profit, community supported educational facility designed to meet the needs of the Christian community by providing a quality education from a Biblical perspective. We believe it is our responsibility to create an environment that is conducive to learning, as well as to promote Christian values that will extend beyond the classroom walls.

Our mission is to be an extension of the Christian home in an effort to see each child develop in mind, body, and spirit. In this context, we are not a replacement for the home or the church. Our ultimate goal is to equip and prepare well-educated, mature Christian men and women to best fulfill God's calling in their lives.
