This includes all restaurants including Chili's, Whiskey Creek, Applebee's, Carlos O'Kelly's and all of the food court restaurants.

Computer Applications Update

FHCS' technology curriculum will change as of this fall. Our entry level class (Computer Applications I) will now be a one semester course. A competency exam has been written to allow students to "pass out" of the class and advance to higher level technology courses. Interested students will be allowed to take the exam in August under Mr. Bitikofer's direction. Check "downloads" on the FHCS website for more information about the new class and the pass out exam.

BUSINESS NOTES

Enrollment for the 2010 – 2011 school year currently stands at 129 students. While we expect this number to continue climbing, the school is preparing for the potential of another financially lean year. To balance the budget, the following actions are available:

- Combining 5th and 6th into one class under Mrs. Chapman's leadership
- Reducing some staff salaries and hours
- Eliminating art classes

Please join the FHCS staff in praying for an increase in enrollment to help fund our coming year's budget.

SCHOOL SUPPLY LIST UPDATE

Any elementary 1st-5th graders who attended 2009-2010 do not need to purchase watercolors as listed on the supply list. The school still has these. Any questions contact Mrs. Bitikofer.
